PROFESSIONAL EXPERIENCE

Salesforce Developer | MV Clouds Private Limited

- Involved in the full development lifecycle of Salesforce solutions, from gathering requirements to delivering custom solutions.
- Designed and implemented Lightning Web Components (LWC) and Apex classes to meet specific business needs.
- Automated processes using Apex Triggers and optimized workflows.
- Skilled in automating business processes using Salesforce Flows, triggers and platform events.
- Developed scalable, modular components using Apex and Lightning Web Components, optimized for AppExchange distribution and multi-org compatibility following the AppExchange security rules and best practices.
- Managed integrations with external systems, focusing on scalability, performance, and usability for end-users.
- Continuously learned and applied best practices to ensure solutions are efficient, maintainable, and aligned with business goals.

SKILLS

- Apex, SOQL, SOSL and Triggers
- Lightning Web Components, Aura and VF Page
- Salesforce Flow and Automations
- Integration and Webhooks
- Client Communication and Collaborative Work

KEY PROJECTS

- **Document Generation App**
Built a dynamic document creation tool using Apex and LWC, enabling users to generate template-based documents with ease.

- **Construction Resources Management App**
Developed a scheduling system for managing jobs, crews, and assets with calendar-based resource allocation.
- **WhatsApp Business Connector App**
Created an end-to-end integration between Salesforce and WhatsApp for real-time customer communication and tracking.
- **Educational Institute Management System**
Designed a community portal to manage students, teachers, attendance, and results with automated workflows.
- **Salesforce CPQ Implementation**
Customized Salesforce CPQ to streamline quoting processes, enforce product rules, and generate dynamic proposals.
- **E-Commerce Site on Force.com**
Configured and enhanced a Salesforce-based shopping platform with optimized checkout, product management, and user experience.
